REPLY TO NOTICE OF NOT FULLY RESPONSIVE RESPONSE

Sir:

The Office Action of 15 December 2008 indicates that computer readable form (CRF) of the Sequence Listing that had been submitted in reply to the non-compliance notice of 18 July 2008 is defective because it was saved in the .doc format instead of in the .txt format. In reply, the applicants submit a CRF of the sequence listing saved in the proper .txt format.

Accordingly, the applicants submit a CRF of the sequence listing saved in the correct .txt format and a statement indicating that the CRF and paper sequence previously submitted in response to the 18 July 2008 notice of non-compliance are the same. Please enter the CRF into the file.

In compliance with 37 C.F.R. 1.821(f) of the Rules of Practice In Patent Cases: Application Disclosures Containing Nucleotide And/Or Amino Acid Sequences, the following statement is being submitted with the computer readable form of the Sequence Listing.

Application No.: 10/500,240
Amendment Date: 19-Dec-08
Reply to Office Action of: 15-Dec-08

I hereby state that the content of the paper and computer readable copies of the Sequence Listing, submitted in accordance with 37 C.F.R. 1.821(c) and (e), respectively, are the same. I further state that this submission and all papers accompanying this submission introduce no new matter.

The enclosed diskette contains the Sequence Listing for Case No. GF0022P.

Respectfully submitted,

By
